

LCSB has also set up fruit orchards in estate area, planted in Lepar Besar, Sungai Charu and Penor Idaman estate management center. The 11.21 hectares of orchard under the management of Lepar Besar is planted with fruits such as lime, coconut, durian and mengkudu. Meanwhile a total of 58.41 hectares of land has been planted with coconut and longan at the Penor Idaman estate. The orchard at the Penor Idaman estate produces the famous 'mataq' coconut, a favourite among the coconut buyers.
